

Year 3 Home Learning
Summer Term
Week 1 27/04/20

Hello Year 3! I hope you have all managed to have a good Easter break with your families in this strange time. I miss you all and can't wait until we are back at school and I can see you all again. I would like to say a really big thank you to those of you that have already sent emails and work into school over the past few weeks. It has been lovely to hear from you all and to see the wonderful work that is going on; it is great to keep in touch! I'll try my best to post as many examples of work I receive on Facebook and Twitter.

Over the next few weeks we will aim to pull together some online resources which can help with learning at home. There are many different resources and websites available to support learning and we know that at times it can almost seem like there's too many, so hopefully this sheet, along with the information provided on the school website, will help you find the best learning for your children. It is vitally important that some kind of routine is found and regular breaks are timetabled in throughout the day. I suggest doing small bursts of learning in different subjects and then regular short breaks too – this will allow children to remain focussed.

The BBC Bitesize and Oak Academy websites are full of lots of different learning and you are more than welcome to choose some of these tasks yourself. The ones I have chosen below match our plan from school where possible so will prevent children redoing work they have already done this year.

Maths:

Please make sure that you are keeping up to date with the maths work I have set on Conquermaths; I can access this and check your progress. There are some more maths challenges for you to try this week: <https://whiterosemaths.com/homelearning/year-3/>. There are some good videos and tasks to complete here. Also, BBC Bitesize is launching daily lessons which are really fun and you might spot some famous faces you recognise along the way- <https://www.bbc.co.uk/bitesize/tags/zmyxxyc/year-3-lessons/1>
Remember to keep the Times Tables going on TTrackstars as well.

At 10am each day, White Rose is having a 'Maths Party'. Here's how you should join:

Go to www.whiterosemaths.com/homelearning/

Choose your year group.

Watch the video

Try the questions.

Tweet your solutions or ask questions using the hashtags #MathsEveryoneCanAtHome and #MathsParty

English:

Keep using Bugclub (Active Learn), Lexia, Fiction Express and Spelling Shed as this helps with the grammar and spelling elements of the curriculum really well.

This week, we would have been starting our new topic that is linked to our history on 'Ancient Egypt'.

I wanted to look at writing a diary entry with you and a great place to start is with the video 'Tadeo Jones' from literacy shed (<https://www.literacysshed.com/the-egyptian-pyramids.html> if the video does not work it can also be found on you tube here

<https://www.youtube.com/watch?v=2XxhNMbpE2A>). The video follows the intrepid explorer Tadeo Jones as he navigates his way through an Ancient Egyptian pyramid, there are a few twists and turns along the way and a surprising ending!

Your task is to watch the video and then write a diary entry as if you are Tadeo Jones. Your diary entry should recount all of the things that you got up to on your adventure (watch the video as many times as you like to help with the details). Don't forget to include how you are feeling at different points, your 5 senses (smell, touch, taste, sight, sound) and always check your capital letters are in the correct place. There are also examples of other diary entries written by children on the Literacy shed website underneath the video to give you a helping hand to get started.

Finding a routine that **works for you** will be really important and hopefully some of these suggestions will help. Remember, these are to be done throughout the whole week and it is vitally important that regular breaks are taken.

Most importantly, take time to relax with each other! Enjoy plenty of arts and crafts. Grab a jigsaw and play some board games or get moving by doing some exercise.

We'll be looking out for all of your hard work on Twitter, Facebook, ActiveLearn, Spelling Shed, Conquermaths, Times Tables Rockstars, Lexia, Fiction Express and in our email inbox (**y3rosa@cclt.education**)

We can't wait to see you all again very soon.

Stay safe,

Mrs Grant, Mrs Waugh, Mrs Trees and Miss Wilkinson
