

Just wanted to thank everyone for the support and the hard work you are all putting in. You've made it easy for us to cope.

I think the way the school as a whole has dealt with the situation is incredible. The effort they have put in and the organisation is amazing. The support shown to both of my children as well as us as parents has been life changing and for that I thank you.

I clearly understand the schools expectations of my role as a parent regarding home learning.

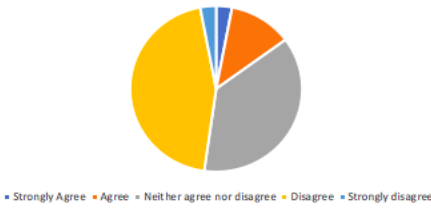

My child manages the work set by school.

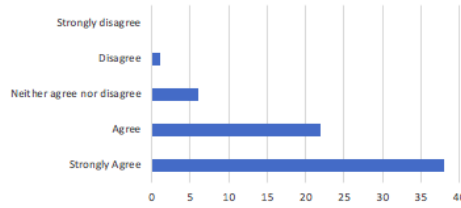

The resources required for home learning are easily accessible.

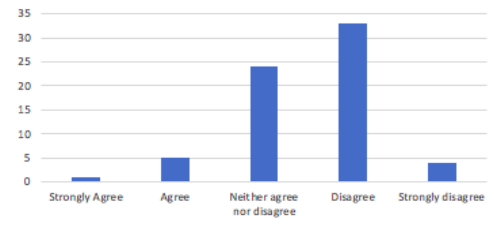

My child finds the work set during the partial school closure too challenging.

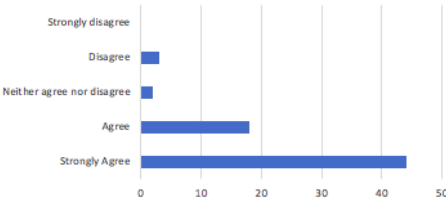

I feel as though my child's wellbeing is supported during the partial school closure.

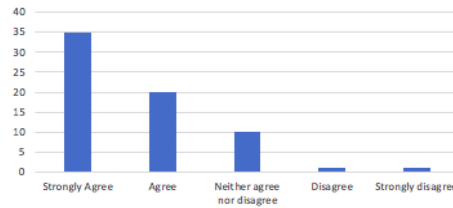

My child finds the work set during the partial school closure too easy.

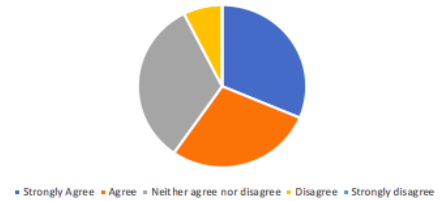

I know who to contact with any concerns about my child's wellbeing.

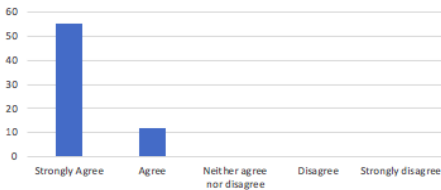

I am provided with sufficient resources to support my child's wellbeing.

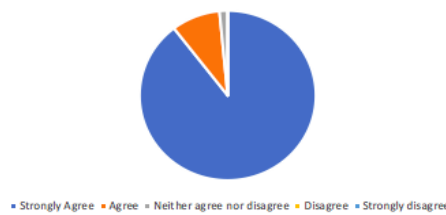

I felt my own wellbeing was supported by the school.

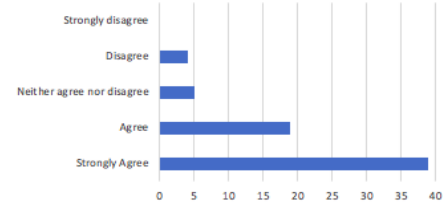

Communication from the school is regular, clear and effective.

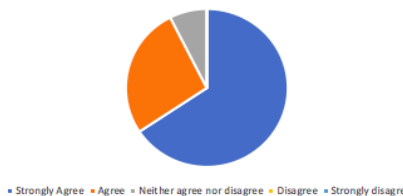

My child's class teacher is available when we have any educational concerns.

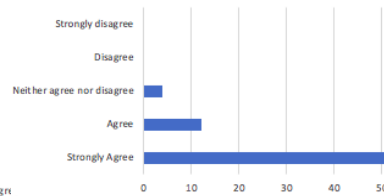

If my child's class teacher isn't available, I know who to go to for help.

The school has signposted me or my child to appropriate support when required.

I understand the school expectations of my child regarding home learning.

Work set is manageable - not too easy but not too challenging.

We advise those wanting the work in advance to drop a day behind so that you still have the opportunity to access the teachers input. In the future we will be completing work to develop and support parents well-being.

Very impressed with the way the school has adapted the education you are offering via remote learning. The online lessons provide structure to day and keep children engaged in learning while we are trying to work.

We struggled to begin with as we didn't have a laptop at home to do the work on but after speaking to staff they were able to get us a laptop from the school to use during the home schooling and it's been a lot easier since. Thank you for all your support.
