

### CPD

Move with Max - The PE subject lead and EYFS staff worked with Annalisa from Go Well to plan Move with Max sessions across the year and ensure a golden thread of skills is developed from EYFS throughout school.

**Impact:** Increased staff knowledge on the programme. This links EYFS skills into the curriculum cohesion document to provide high quality PE sessions across the school.

### Equipment for Pupils:

All children have been in bubbles at playtimes and sports premium money was spent at the beginning of Autumn term to provide equipment for each bubble to have playtime equipment boxes.

**Impact:** Children have a more active playtime which is particularly important as activity levels may be lower due to lockdown restrictions.

## Impact of Sport Premium

at

## Rosa Street Primary School

Autumn 2020

**Competition events through Go Well have been online this term:**

### Football

Year 4 children took part in a skills competition and worked on raising their personal best.

### Multi-Skills Year 3

The children completed a task as part of their PE sessions.

**Impact:** Increased enjoyment at a range of sports. It encourages children to beat their personal best in events.

### Coach Support:

As part of our work with Go Well (formerly SSP) we held a Hoop Starz Day in school. All classes got the opportunity to work with a hula hooping specialist to improve their skills and learn tricks.

**Impact:** The children were highly engaged in the sessions. Teachers and Teaching Assistants have a greater understanding on how to develop this during playtimes.

### Fit for Life Day:

We held a Fit for Life Day with Matty from Go Well. It was an introduction to the programme. The children focused on quality exercise performed correctly.

**Impact:** High quality PE sessions

**Team Up 2:** Children in Years 5 and 6 completed the Team Up 2 programme, which focuses on wellbeing.

**Impact:** Children have an increased understanding of their own wellbeing and develop their own strategies.
